

Kawasaki 1975

More confidence and performance than you've ever enjoyed before

900Z1

A long distance runner.
It's nice to know you've got more power
in reserve than you'll ever likely need.

KZ400

The new 4-stroke twin
has 4-cylinder smoothness with
counter balanced engine and emission controls.

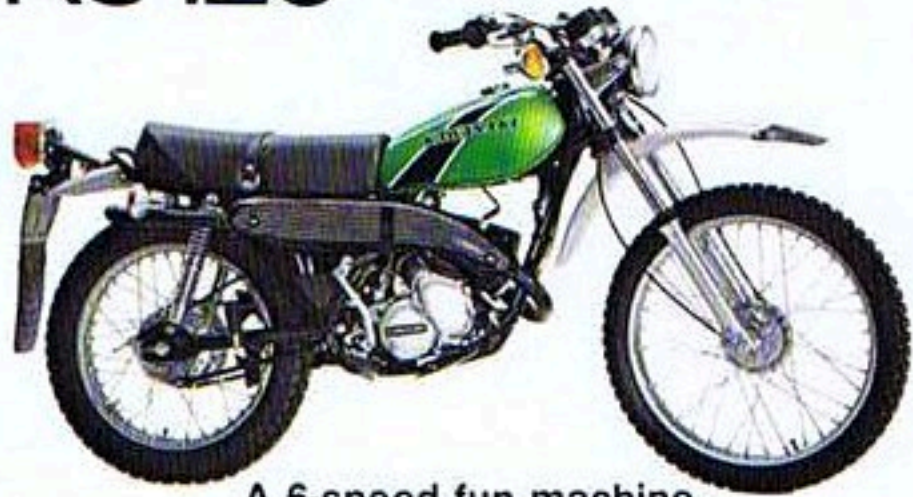

750H2

The quickest sprinter.
Potent power. For experienced riders only.

KS125

A 6-speed fun machine
you can use anywhere. Enjoy!

500H1

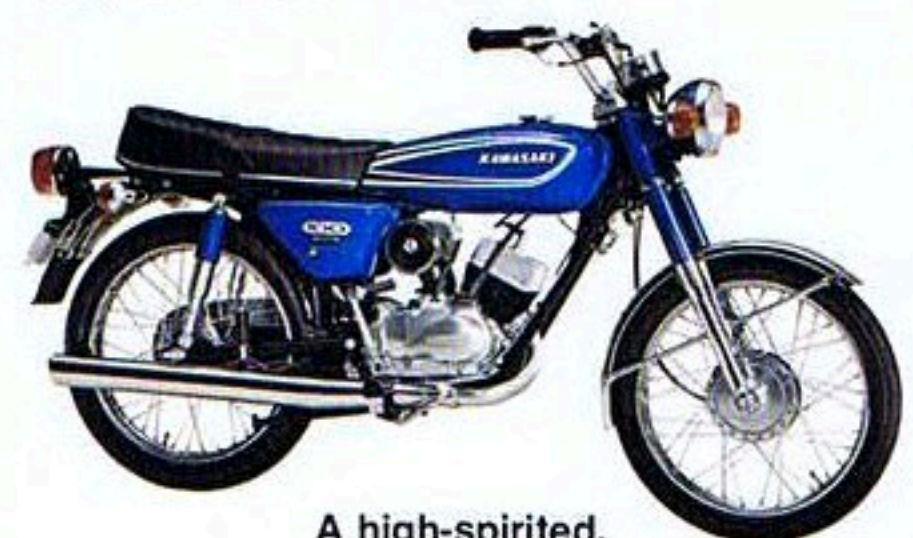

A road racer's street machine.
Turn it on skilfully.

The new plonker.
A brilliant trials machine.

100G7T

A high-spirited,
economical streeter with style.

400S3

An easy-to-ride roadster
that's easy to live with.

Powerful production motocross racer.
Ready to win.

90MC-1

A midbike! Built to big bike standards
- only a little smaller.

250S1

The only 3-cylinder 2-stroke 250.
A luxury you can afford.

Ready to race as is.
Pint-sized but pure dynamite!
