

# KH250

■  Kawasaki

## Still the only 3-cylinder 250 cc motorcycle in the world!

If you're looking for a machine that is superbly engineered, gives the kind of performance that can take you to work everyday in style and out on Sundays for an exhilarating country ride, then consider the KH250. There's no other bike like it.

This machine is for the Man About Town kind of rider: someone who knows about motorcycles, appreciates sophisticated machines and wants something unique. The KH250 is not for everyone. The 2-stroke 3-cylinder engine is a jewel. It likes to rev high and long and sounds like no other. There's plenty of power for two-up touring and more than enough for town.

### Disc brake, neat handling.

A new disc brake was installed last year and it works wonders. Arrow-straight stops ensure your safety. Neat handling has always been a commendable feature of the KH250. This year Kawasaki added a stronger gear change return spring and a new left hand grip switch assembly which makes it easier to operate controls. There's also new paint and striping to distinguish the new model. It's a great package. Give it a ride!

Colours available: Candy Wine Red, Candy Orient Blue.

### KH250-B2 SPECIFICATIONS

ENGINE	
Type	2-stroke, 3-cylinder, piston valve
Displacement	249 cc (15.19 cu. in.)
Bore and stroke	45.0 x 52.3 mm (1.77 x 2.06 in.)
Compression ratio	7.5 : 1
Ignition system	Battery and coil
Starting system	Kick
Lubrication	Superlube (oil injection)
TRANSMISSION	
Type	5-speed, constant mesh, return shift
Shift pattern	1-N-2-3-4-5
Clutch	Wet, multi-disc
FRAME	
Type	Tubular, double cradle
Suspension: Front/Rear	Telescopic fork/Swing arm
Tyre size: Front/Rear	3.25S—18 4PR/3.50S—18 4PR
BRAKES	
Front	Single disc brake.
	Effective disc dia. 226 mm (8.9 in.)
Rear	Drum, 180 x 30 mm (7.09 x 1.18 in.)
Braking distance	12 m @ 50 kph
DIMENSIONS	
Length, overall	2,085 mm (82.1 in.)
Width, overall	820 mm (29.9 in.)
Height, overall	1,130 mm (41.1 in.)
Wheelbase	1,375 mm (54.1 in.)
Ground clearance	155 mm (6.1 in.)
Dry weight	160 kg (353 lbs.)
Fuel tank capacity	14 litres (3.08 imp. gal.)
